DECLARATION UNDER 37 C.F.R. § 1.132

I declare:

I am an inventor of the subject matter that is described and claimed in the above-captioned patent application. I hold the position of Vice Chair, Technology Development, Department of Surgery, at the Memorial Sloan-Kettering Cancer Center (MSKCC). I also hold the Murray F. Brennan Chair in Surgery at MSKCC.

I am the senior author of a reference cited in connection with the application, Kooby et al., FASEB J. 13:1325-1334, 1999. The method described in the Kooby paper is different from that claimed in the application, as described below. Further, in reading the Kooby paper, one skilled in the field would not have been led to consider use of the method described in the application.

In the Kooby paper, rats were challenged with hepatoma cells administered by injection
